

GUIDELINES FOR
PRE-REHABILITATION SCIENCES
Master of Occupational Therapy (MOT)
UBC (Vancouver)

The Master of Occupational Therapy (MOT) program is a two-year professional master's degree program offered at the University of British Columbia. Admission to the program is competitive, with 96 seats available each year, distributed across three training sites:

UBC (Vancouver) 64 seats, including 8 international seats	MOT-North (Prince George) 16 seats	MOT-Fraser (Surrey) 16 seats
--	--	--

It is imperative that all prospective applicants refer to the UBC website for a complete list of academic and non-academic criteria: <https://osot.ubc.ca/prospective-students/admission-requirements/>

Admission Requirements:

Completion of a four-year recognized bachelor's degree from an accredited institution in any field with a **minimum B+ (76%) average** in ALL senior level courses (3000 and 4000 level). Competitive GPA for the program is approximately 82% based on the most recent 45 senior level credits.

TRU offers an opportunity to qualify with admission into one of the open programs, Bachelor of Arts or Bachelor of Science.

Successful completion of the following prerequisites is required:

Human Anatomy (3 credits)	TRU's BIOL 1592 & BIOL 1692 (labs BIOL 1594 & BIOL 1694 strongly recommended) OR OL BIOL 3701
Social Sciences (3 credits)	Sociology, Anthropology or Human Geography
Behavioural Sciences (3 credits)	Psychology

If you have taken a course outside of these disciplines and you feel they may fulfill the requirement, they can be assessed on a case-by-case basis by providing the course syllabus to mot.admissions@ubc.ca.
